EXPERIENTIA DOCET.

My ratings of the condition of Coins and Medals, and the statements made in my Catalogues as to their rarity, etc, are to be distinctly understood as based on my personal judgment, formed after an experience of twenty-seven years as a dealer.

Gradings of Coins or of lots, in other catalogues, should be credited to those who compile them, and their interpretations of this very important factor, should be valued according to whatever experience they may have had, the knowledge acquired, and their integrity of purpose.
